MEMORANDUM FOR:

[redacted]  
Associate Deputy to the DCI for  
the Intelligence Community

25X1

SUBJECT : Letter on Weapons Systems Committee  
to General Graham from Mr. Colby

1. The attached was flagged to me by the DCI's office, asking whether we had seen this and if we concurred. We had not seen it, though on checking with [redacted] I find that -- fortunately -- we have no problems with it. I would suggest, however, that it also be shown to [redacted] before it is sent back to the DCI for signature if [redacted] has not already seen it.

25X1

2. In this instance, no great damage was done but as a matter of procedure I do request that papers in which this office has an interest be checked with us before they are sent to the DCI, particularly when the paper in question is something for his signature and transmission out of the building. Someday we are going to have a quite unnecessary flap if this is not done.

[redacted]  
George A. Carver, Jr.  
Deputy for National Intelligence Officers
